Work History

2019-01 - 2022-04
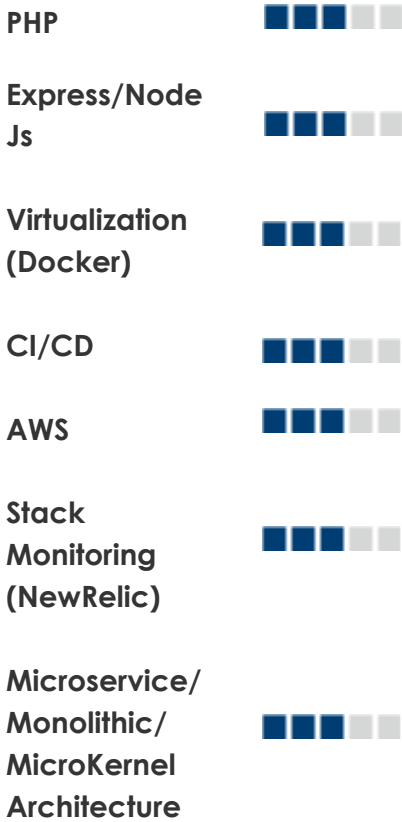

Software Developer Engineer
Webkul, Noida, Uttar Pradesh

- Worked on several e-commerce projects based on Magento 2.
- Worked on almost 50 project and created over 80 modules and customizations. Some of them are **Search by Image**, **Product Matrix ATC** for B2B customers, **Advance Booking System**, **Product Auction**, some features of **MultiVendor Marketplace**, **Hyperlocal**, **DeliveryBoy**, **Custom Checkout Steps**, etc.
- Created around 25 modules and theme for company's store from scratch. (**https://store.webkul.com/**)
- Lead a team of 4 employees.
- Contributed in Adobe Squashtober fest – 2019.
- Also created a VSCode extension (**https://marketplace.visualstudio.com/items?itemName=Webkul.automagedev**) for developing magento 2 modules so that developers can focus more on application logic.

2022-04 - Present

Software Developer Engineer
Honasa Consumer Pvt. Ltd., Gurgaon

Skill	Level
PHP	■■■□□
Express/Node Js	■■■□□
Virtualization (Docker)	■■■□□
CI/CD	■■■□□
AWS	■■■□□
Stack Monitoring (NewRelic)	■■■□□
Microservice/ Monolithic/ MicroKernel Architecture	■■■□□

Area of Interest

- **Object-oriented programming**
- **Data Structure and algorithm**
- **Design patterns**
- **Software engineering practices**
- **Agile and Scrum management**

- Working on following projects here - **Mamaearth, TheDermaCo, Ayuga, Aqualogica, BBlunt, YotoBox**
- While working on the above branch, got the hands-on experience over the following - **Microservice architecture**, **Pipeline**, **GitLab**, **Docker**, **Amazon S3**, **Amazon SQS**, **Amazon Lambda**, some small scale automation pipelines using **Python scripts**, **Magento 2**, **NodeJs**, **Express**, **MongoDB**, **MySql**, **Redis**, **CloudFlare**, **Kubernetes.**
- Managed releases and scrum tasks.
- One of the major achievement was I had created a pipeline for creating docker image for Magento 2 updates in GitLab, which reduces the build time to 2.5 mins which was previously around 12 mins, which results in major cost cutting to company.
